

ArtPrize STEAM Lab powered by Switch

Activities

Tinker Table

- Activity area located in the STEAM Lab at Rosa Parks Circle, in the ArtPrize Visitor Pavilion.
- Visitors will participate in creative challenges using unexpected materials to design objects and engineer structures.
- New challenges revealed each week during ArtPrize 10.

ArtPrize Discovery Deck

- Activities located at the STEAM Lab and Mobile STEAM Lab (locations vary).
- Visitors can collect a set of cards by completing STEAM-based challenges.
- Challenges are inspired by past ArtPrize-winning entries.

STEAM Mobile Lab

- This pop-up lab moves around during the 19 days of the event.
- Locations include Rosa Parks Circle, Ah-Nab-Awen Park and Calder Plaza.
- Visitors can collect the ArtPrize Discovery Deck as described above.

Events

September 22: Family STEAM Lab

Visitor Pavilion @ Rosa Parks Circle | 10:00 a.m.—2:00 p.m.

- ArtPrize, The Air Zoo and FIRST® Robotics offer fun hands-on activities at the ArtPrize Visitor Pavilion.
- Visitors will be able to design robots; try engineering with giant blocks; explore the chemistry of paint, ink and other art materials; and create 3D object using SketchUp.

September 28: Women in STEAM Panel

Center Stage @ Rosa Parks Circle | 7 p.m.

- **Topic:** A dynamic conversation with important women business and community leaders about the crucial importance of STEAM education. The powerhouse panel will share their personal and professional experiences about the critical intersection of technology and the arts, and how that drives strong economic development and future careers for

the jobs of tomorrow. The panel will also focus on the critical importance of STEAM education to young women who will be the leaders of tomorrow.

- **Panelists:** Patti Poppe, CEO of Consumers Energy; Missy Young, CIO of Switch; Meredith Bronk, CEO of OST; Superintendent Teresa Weatherall Neal of Grand Rapids Public Schools; Gail Alpert, CEO of FIRST Robotics-Michigan
